PROFESSIONAL SUMMARY

Frontend Developer specializing in React, Next.js, and TypeScript with hands-on experience building responsive web applications, dashboards, and full-stack solutions. Skilled in creating reusable UI components, integrating REST APIs, connecting databases, and developing user-focused interfaces using modern web technologies.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, REST APIs, Authentication, API Integration

Database: PostgreSQL, MySQL, Supabase, Database Design, Database Management, Data Modeling

Tools: Git, GitHub, Linux, Docker, Vercel, Figma, VS Code, Vite, ESLint, Playwright, Postman

Additional: AI Integration, Automation Workflows, Technical Documentation, Requirement Analysis, Software Testing, Debugging

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER — Tech Advise Solutions

Frontend Development | Full-Stack Solutions | Technical Communication

Duration: 4 months

- Developed responsive web applications using React, Next.js, TypeScript, and modern frontend practices.
- Built reusable components and maintainable application structures.
- Integrated REST APIs, backend services, and databases.
- Converted requirements into practical software solutions.
- Participated in debugging, testing, optimization, and improvements.

SELECTED PROJECTS

SalesFlow CRM — Business Management Dashboard

React | JavaScript | Vite | Context API | CSS Modules

- Developed a CRM dashboard to improve customer management and sales workflow visibility.

Flowboard — Full-Stack Project Management Platform

Next.js | React | TypeScript | Tailwind CSS | Supabase | PostgreSQL

- Built a productivity platform with authentication and database integration.

ZTII Industrial Intelligence — AI-Assisted Monitoring Dashboard

Python | FastAPI | Pandas | NumPy | SHAP | Docker

- Created an AI-assisted dashboard prototype for visualization and decision support.

EDUCATION

Bachelor of Science in Computer Science

Ateneo de Davao University

Currently 4th Year Student | Expected Graduation: June 2027

Relevant Coursework: Software Engineering, Web Development, Database Systems, Machine Learning

PROFESSIONAL STRENGTHS

Problem Solving | Technical Communication | Requirement Analysis | Business-Focused Development | Task Management | Collaboration
